

Ons nummer:

Our number: **DL/101112-A**

TO ALL OPERATORS

Folder:

Oranjestad, 18 November 2010

Ref.: AUA-OPS 2/ Changes to ICAO Annex 6, Part II
International General Aviation – Airplanes
Affecting complex aircraft above 5,700 kgs

Dear Sir/Madam,

As stated in our letter DL/101112, dated 30 July 2008, the requirements of AUA-OPS2 will become applicable on 18 November, 2010.

The most significant changes of this new regulation, based on Amendment No. 27 to the ICAO Annex 6, Part II, Seventh Edition, are the requirements to have a Maintenance Control Manual, a Safety Management System and an Operations Manual in place, as well as to provide the State of Operator with a notification letter mentioning the fact that the aircraft are based in their territory.

All operators shall achieve compliance by **April 2012**.

Hoping to have informed you accordingly,

Sincerely,

J.A. Maduro
Director
