Oranjestad, 30 May 2011

Ref.: **Approval to Fly with Certified True Copy of  
Original Flight Crew Validation.**

Effective May 11, 2011 the Department of Civil Aviation of Aruba flight crew employed or engaged by operators with aircrafts registered in Aruba, are authorized to legally operate a P4- aircraft with a certified true copy of their original validation issued in accordance with article 8 of the Aruba Aviation Act under the following conditions:

1. The certified true copy is issued in accordance with article 8 of the Aruba Aviation Act and is declared valid by the Department of Civil Aviation of Aruba for a maximum of fifteen (15) days from the date of issuance of the original validation or certification. The declaration of validity will take place by affixing both a "certified true copy" and a "DCA" stamp on the copies in question;
2. During the maximum period mentioned under 1. , the flight crew shall have their original valid license and its current medical certificate based on which the Aruba validation was issued, at all times along with the certified true copies issued by the Department of Civil Aviation of Aruba.
