Ref.: Cabin Crew Certificates

Statement

TO WHOM IT MAY CONCERN

The Aruban legislation does not require the issuance of certificates for cabin crewmembers to perform their duties on Aruban registered aircraft.

If an operation, private or commercial, requires one or more cabin crewmembers, it is the responsibility of the operator to assign and train the cabin crewmembers as appropriate, and to comply with the State of Operator national regulations.

Sincerely,

J.A. Maduro
Director
Department of Civil Aviation-ARUBA
